

Webinar on Regulatory Compliance Monitoring Paradigms

Dr. Rick Fiene, an affiliate of the Edna Bennett Pierce Prevention Research Center, will be the featured speaker at a webinar sponsored by the National Association for Regulatory Administration (NARA) on Thursday, February 23. Dr. Fiene will explore the emergence of two dominant monitoring paradigms in regulatory compliance and the key elements of each paradigm and implications for the future of regulatory administration. This is a follow-on to a presentation entitled, *The Intersection of Translational Research and Implementation Science: An Early Childhood Predictive Analytic Model*, which Dr. Fiene gave at a previous PRC Seminar discussion. To join the webinar, go to [NARA](#).
